JACOBITES BY NAME - Cousins George and Nathan James have been playing music for a long time, and finally decided to play together in the summer of 2012. Nathan plays whistles and sings, and George plays guitar and sings. The duo is known for authentic renditions of traditional Celtic tunes and warm harmonies. They recorded their first album, called The Jacobites By Name, in October, 2015. That album is now available for purchase and will be available for download on January 23, 2016! Use your favorite music site, such as iTunes or Amazon mp3 and download the album!

JACQUELINE T. MOORE - Some people called me a snowbird because I spent a lot of time in both Ohio and South Carolina. Not so. I was returning to my deep-seated roots. Now, as a full-time resident of the Palmetto State, I am a certified beach bum! As a writer and an educator, my entire life has been surrounded by words. I savor the sounds and sense of letters put together to create a lasting memory. Hopefully my stories will be appreciated for a very long time.
